

SYMPOSIUM "HEALTH TEXTILES DIGITAL CLUSTER"

SAVE THE DATE
HYBRID EVENT > ON-SITE AND ON-LINE

Monastir Technopark/ Tunisia

Hybrid event May 31st 2022, 9:00-17:30

Where and When?

The Neotex Technopark (Monastir) will hold, on May 31st 2022, the Symposium, including a Matchmaking session, as part of the Texmed Alliances Project Activities.

Who can participate?

The symposium aims to bring together key-stakeholders of the health textiles sector from Europe and the MENA region to exchange ideas and visions about next development of the sector.

What are the benefits of participating?

The Symposium provides an interesting opportunity for SMEs to develop networks, share knowledge and promote businesses with potential partners. Participants have the opportunity to learn and discover products and services.

Main Topics

- Innovative materials and properties for advanced solutions in health textile sector
- Key production processes (nonwoven technologies, Personal Protective Equipment technologies)
- Standards and certification and Regulations of the market
- Market and public procurement

Agenda

Morning session

Experts of the sector will participate and focus on main topics

Afternoon session

B2B meetings On-site and Remote

The official language is English, available translation in French.

How to participate

The participation is free. The website for registration will be ready very soon.

Participants can be present both at the Monastir Technopark and online.
